### **Relevant experience**

I have over 15 years of experience in the pension industry working at both national and local firms, working on owner only clients, small plans, public plans, union plans and even some retiree medical plans. 10 years were spent in my own actuarial practice focusing on owner only and small plans. This experience has enabled me to manage multiple, diverse issues simultaneously.

I have taken the actuarial profession into my community by participating in Actuarial Career Days at my Alma Mater and by promoting the Actuarial Foundation.

I have provided comments on exposure drafts for ASOP 34 and the proposed "Setting Assumptions" ASOP.

### **ACOPA/ASPPA volunteer work**

I have participated on the Plan Consultant Magazine committee for several years and recently joined the new Professionalism Committee.

### **Aspirations for ACOPA**

I hope to advance the current leadership agenda and present a positive profile of ACOPA outside our community in both my professional and personal relationships.
